The Quality Assurance Inspector (QAI), Scott Croff, was present at the Self Anchored Span (SAS) job site to observe the scheduled fabrication and welding of components for the SFOBB project.

The QAI reviewed contract related documents including the submitted and approved Welding Quality Control Plan (WQCP) and approved revisions to the WQCP. The QAI continued reviewing welding report submittals 1536 rev. 59 and rev. 60. The QAI noted that rev. 59 is a cumulative submittal based on previously reported category A, B & C comments and other reports that have been identified as needing corrections, revisions and / or missing information based on the tracking lists that have been created. This work was in progress at the end of the shift.

Summary of Conversations:

The QAI relayed the status of document reviews to the QAI Lead Bill Levell. Except as described above, there were no other notable conversations.

Comments

This report is for the purpose of determining conformance with the contract documents and is not for the purpose of making repair or fit for purpose recommendations. Should you require recommendations concerning repairs or remedial efforts please contact Nina Choy (510) 385-5910, who represents the Office of Structural Materials for your project.
